The horse-owners at Guttenburg made complaint before the Executive Committee yesterday that several men were demanding blackmall of owners of wincers of selling races. They named two men who are more or less well known at the trace. Charley Sattler was one of the complainants. The charge is a very serious one, and if it is proven will result in the norsemen being ruled off the turr. The Committee last evening heard the complains and askeas to heard to-day.

Harry Jones, the first jockey for "Virginia" Bradicy, is very ill. He was selzed on Mondsy sight with congestive chills. Bradicy heard to-bouse, where a lot inustand bath was hurriedly prepared. Into this Jones was plunged, and to this heroic treatment he no doubt owes his life. Medical attendance was summoned, and the boy will probably recover, though he wasstil delirious last night. Jones is a clever ruler, and his tour victories of a tow days ago are still fresh in the public mind. THE EVENING WORLD'S selections yesterday were in front as usual. Luray, Azrael, Skadl and Kirkover were all tipped to win, and and Kirkover were all tipped to win, and Lillie K., Berwin and Hesperus were placed in the third race the first three were named in the selections. Lord Harry being named to win instead of Blitzen, while Greenwich was tipped to run third. At Gloucester Aftermath, Orphan, Great Guns and Needmore were the winners tipped in The Evaning World's first edition. There were many place horses besides. Eight straight winners out of a possible twelve is a good record.

terday, sent out the following notice: At a meeting of the Board of Control held this day (Dec. 13) the revocation of the license of Charles Oxx, the trainer, is hereby annulled.

Capt. R. J. Hancock, of the Ellershe Stud. Overton, Va., has lost, by death, the bay mare Ninon, dam of Eleve, Raymond G. and others. Ninon was in foul to Eolus at the time of her death.

J. Gardner, an Australian jockey of some note, is said to be under engagement to a prominent turring in this country. The identity of the latter is unknown.

"Knap" McCarthy's spell of bad luck seems to be broken. He won his third race of the year at East St. Louis yesterday. St. Anthony scored in the five and a half furiong dash.

Jockey Joe Bergen has a new vaiet. The owner of Battle Cry will probably remember the valet kindly, for a mistake of his in not putting enough weight in Joe's pad caused battle Cry to be disqualified for third place at Gloucester yesterday. Bergen was two pounds short of weight.

The jockeys and stable boys at Morris Park are attending a night school provided by the generous-handed Mr. John Campbell. This well-known horseman has fitted up his stables well-known horseman has fitted up his stables into a school-room, and a competent teacher pute the boys through a thorough training in spelling, arithmetic and writing every evening in the week. The boys take to the school and the attendance is large. Horsemen at other tracks should follow Mr. Campbell's example.

Marty Bergen will go West after Jan. 1. Marty was born in California, but left there when tarse years old. He may ride at the Western tracks, and give some of the crack jockeys lessons in the art of riding.

Biltzen stole out of the bunch in the third race and nalled Lord Harry on the post. The enthusiasm which prevails when this game colt wins is something remarkable. One hilarious individual lay down and rolled over and over in the snow. It was the only way in which his feelings could be cooled.

Remorse was played from 10 to 1 down to 3 to 1 in the last race. He was just beaten for third place. Shenandoah, another horse from the same stable, was allowed to run loose at odds of 60 to 1 in the fifth race.

The very low prices for furniture at FLINT Co. s. 18th st. and 6th ave., are tempting many to select holiday presents early.

It is believed that the explosion was caused by accumulated coal gas which had escaped the notice of the official charged with the inspection of the mine.

LATER. -- Further advices from Wigan state that the loss of life by the explosion at the Banfurlong colliery may be less serious than at first reported. The situation is, however, most critical.

A hundred men remain in the mine with their lives endangered, being unable to get out owing to the fire which followed the explosion, and which is making it difficult for rescuers to reach the imprisoned miners. Notwithstanding the fire and other obstacles, the work of rescue is proceeding, and to unteers are not deterred by danger or

difficulty in their efforts to save their fellowminers from a terrible death. Hundreds of women and children surround the mouth of the mine waiting anxiously for news of fathers, husbands, brothers and sons. Some of the women volunteered to assist to the work of reacue, but their assistance was not required.

AFTERNOON .- Twenty miners have just been brought up by the rescuers from the Bamfur-long mine. They were in an exhausted con-The men still below are imprisoned in a
